

# Virtual Tour of a Dairy Farm

Today you are going to visit a dairy farm, but you are going to stay at home. Think about what things you eat and drink that would come from a cow. Go to your fridge and find things that you think come from a cow.

List them here:

Most of us have milk in our home. Draw and label **3** pictures of how you think milk gets from the cow to your fridge.

## 1. The Farm

How many cows do you think would live on a dairy farm?

What colour do you think dairy cows are?

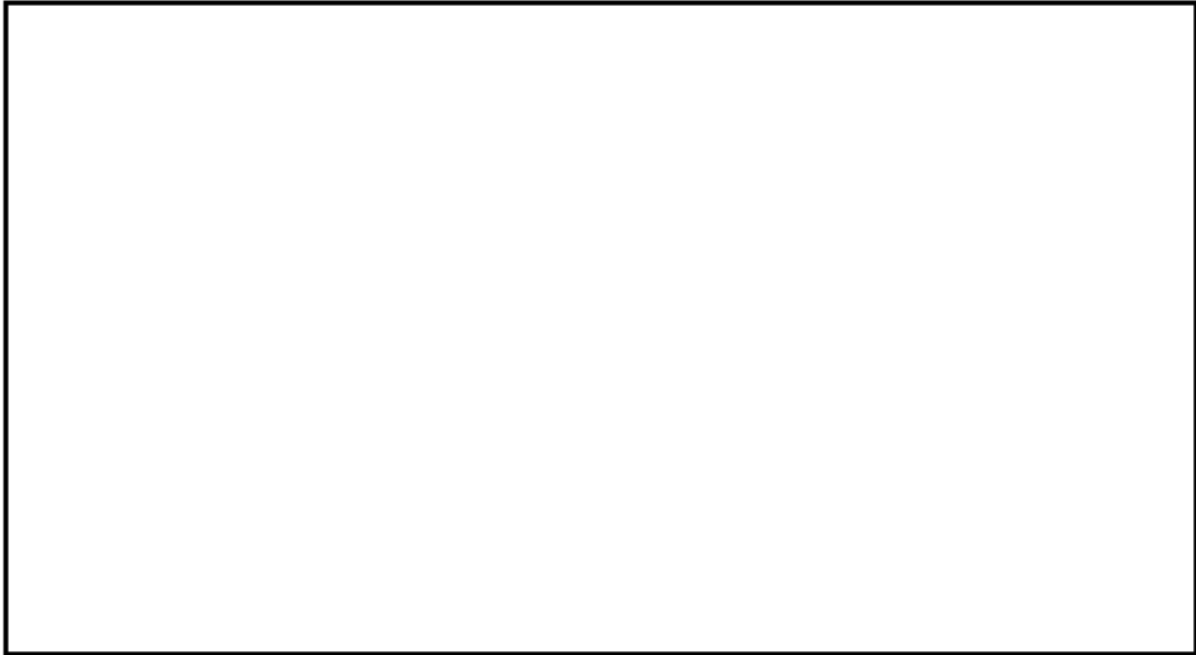

Include the colours in your picture below.

**Picture 1: The Farm- Where do you think the cows live?**

**Picture 2: Looking after the cows**

Include in this picture what you think that cows eat and drink.  
Show where they would sleep.  
Don't forget to label the things in your picture.

**Picture 3: Show how you think milk gets from the cow to your home.**
